

GRADUATE CERTIFICATE IN IT LEADERSHIP

The Graduate Certificate in IT Leadership is an offering of the University of Wisconsin online collaborative MS in Information Technology Management program. Coursework completed in the certificate applies toward the master's degree should a student choose to enroll as a degree-seeking student in the program, as well as a freestanding certificate program for non-degree (i.e., certificate only) students who may or may not wish to pursue the full MS-ITM degree following completion of the certificate.

This 100% online certificate is designed to focus on the business skills needed to drive IT leadership. It will help you build the skills you need to step into roles such as Chief Technology Officer or Chief Information Officer. Learn the communication, finance, and budgeting, and management skills you need to position yourself for success.

This certificate consists of the following three courses, 9 credits:

Code	Title	Hours
ITM 700	Communications for IT Professionals	3.00
ITM 705	Leading the IT Function	3.00
ITM 710	Finance for IT Managers	3.00
Total Hours		9.00
