**Mathematics Education****MTHED 189 Mathematics Education Elective 9.00**

Transfer credits ONLY from another accredited institution not equivalent to a UW-Superior course.

**MTHED 250 Essentials of Mathematics for Elementary Teachers 3.00**

This course for pre-service elementary school teachers includes mathematical content and concept required to teach elementary school. It includes mathematics topics essential for teaching mathematics at elementary school. This course includes both content and methods for teaching mathematics grades K-9. Prerequisite recommended is a University Studies math course. A minimum grade of C in this course is required for all education majors.

**Prerequisites:**

Completion of University Studies Mathematics Course(s)

**Typically Offered:**

- On-campus: Fall & Spring
- Online: Fall, Spring, & Summer

**MTHED 289 Mathematics Education Elective 9.00**

Transfer credits ONLY from another accredited institution not equivalent to a UW-Superior course.

**MTHED 305 Tutoring Practicum 1.00-3.00**

Tutoring practicum designed for secondary mathematics teaching majors and minors to develop competencies in mathematics content tutoring skills and interpersonal relations needed in peer tutoring with college students. Permission of Educational Success Center Tutoring Coordinator required. Limited enrollment.

**Prerequisites:**

Completion of MATH 240 with a grade of C- or better.

**Typically Offered:**

- Fall and Spring Terms

**MTHED 320 Mathematical Concepts in Early Childhood Education 3.00**

Involves early mathematical content and concepts that are relevant to young children from birth to age eight. An emphasis is placed on understanding and demonstrating mathematical content and computation knowledge. There is a focus on effective research-based strategies to promote mathematical development and learning in all young children. Students will explore math concepts and curriculum at all early childhood developmental levels. An emphasis is placed on hands-on, inquiry-based, and project-based learning, as well as developing skills through play. A minimum grade of C in this course is required for all education majors.

**Prerequisites:**

Completion of University Studies Math course(s)

**Typically Offered:**

- On-campus: Select Semesters
- Online: Fall

**MTHED 322 Teaching Elementary/Middle School Mathematics 3.00**

A learner-center approach methods course focusing on the theories, models, and strategies for effectively understanding and teaching mathematics concepts and skills in the five content areas to elementary/middle school children grades K-9. National and state standards guide the conceptual framework for this course. Topics include Numbers and Operations; Measurement; Geometry; Data Analysis and Probability; and Algebra. Peer-to-Peer teaching required. A minimum grade of C in this course is required for all education majors.

**Prerequisites:**

Completion of MATH 230 or MTHED 250 (C or Better), and T ED Admission

**Typically Offered:**

- On-campus: Fall & Spring
- Online: Fall & Spring

**MTHED 323 Teaching Elementary/Middle School Mathematics II 3.00**

A learner-center approach methods course focusing on the theories, models, and strategies for effectively understanding and teaching mathematics concepts and skills in the five content areas to elementary/middle school children Grades K-9. Topics include Technology Integration; History of Mathematics; Fractions and Decimals; Integers; Geometry and Algebraic Thinking. National and state standards guide the conceptual framework for this course. This course includes a required pre-student teaching clinical in grades 3-5. A minimum grade of C in this course is required for all education majors.

**Prerequisites:**

Completion of MTHED 322 (C or Better), Completion of T ED 300 (C or Better), and Admission to the Teacher Education Program. Teacher Education Non-Academic Test (Criminal Background Check).

**Typically Offered:**

- On-campus: Fall & Spring
- Online: Fall & Summer

**MTHED 339 Secondary Methods in Mathematics Education 3.00**

General principles and problems of teaching mathematics in the secondary schools. Emphasis on organizing teaching activities; teaching materials and resources; and current methodology. This course is offered on-campus only. This course includes a pre-student teaching clinical in grades 9-12. A minimum grade of C in this course is required for all education majors.

**Prerequisites:**

Admission to the Teacher Education Program and Completion of T ED 300 (C or Better). Teacher Education Non-Academic Test (Criminal Background Check)

**Typically Offered:**

- Selected Spring Terms Only

**MTHED 389 Mathematics Education Elective 9.00**

Transfer credits ONLY from another accredited institution not equivalent to a UW-Superior course.

**MTHED 489 Mathematics Education Elective 0.00**

Transfer credits ONLY from another accredited institution not equivalent to a UW-Superior course.

**Natural Sciences Education****NSED 189 Natural Science Education Elective 12.00**

Transfer credits ONLY from another accredited institution not equivalent to a UW-Superior course.

**NSED 289 Natural Science Education Elective 12.00**

Transfer credits ONLY from another accredited institution not equivalent to a UW-Superior course.

**NSED 321 Teaching Elementary/Middle School Science 3.00**

Students will develop science teaching practices for grades K-9, including investigation-based science lessons that support elementary and middle school students as they engage with, explore, and explain science phenomena. Peer-to-Peer teaching required. A minimum grade of C in this course is required for all education majors. This course meets one requirement for undergraduate education majors which leads to the EA or A licensure OR 4-12 licensure in Wisconsin and for undergraduate elementary education majors seeking a K-9 license.

**Prerequisites:**

Admission to the Teacher Education Program and Completion of T ED 300 or ECED 252 with a C or better

**Typically Offered:**

- On-campus: Fall & Spring
- Online: Fall & Spring

**NSED 339 Secondary Methods in Science Education 3.00**

General principles and problems of teaching science in the secondary schools. Emphasis on organizing teaching activities, teaching materials, resources, and current methodology. This course includes a required pre-student teaching clinical in grades 9-12. A minimum grade of C in this course is required for all education majors. On-Campus/Hybrid

**Prerequisites:**

Admission to the Teacher Education Program and Completion of T ED 300 (C or Better). Teacher Education Non-Academic Test (Criminal Background Check)

**Typically Offered:**

- On-campus: Select Semesters;

**NSED 389 Natural Science Education Elective 12.00**

Transfer credit ONLY from another accredited institution not equivalent to a UW-Superior course.

**Special Education****SPED 189 Special Education Elective 1.00-12.00**

Transfer credits ONLY from another accredited institution not equivalent to a UW-Superior course.

**SPED 283 The Exceptional Child 3.00**

This course is an introduction to special education. An overview of the various groupings of individuals with exceptionalities under the Individuals with Disabilities Education Act are examined, focusing on etiology, identification, incidence, prevalence, treatment, services available, and educational implications. Mental, physical, behavioral, and sensory exceptionalities are discussed. National, state, ethical issues, local laws and policies impacting individuals with exceptionalities are examined. Historical perspectives, legislative and litigative history, models, theories, and philosophies that provide basis for special education practice are also examined. A minimum grade of C in this course is required for all education majors.

**Typically Offered:**

- Online: Fall & Summer

**SPED 289 Special Education Elective 1.00-12.00**

Transfer credits ONLY from another accredited institution not equivalent to a UW-Superior course.

**SPED 355 Interventions/Methods in Services in Special Education 3.00**

This course will take an overall look at the various methods of serving students with disabilities. The focus will be on Response to Intervention methodology and taking data in progress monitoring for a child with an IEP. Beyond best practices for educators, students will explore the delivery models for special education services and begin to research the learning styles of students with disabilities. A minimum grade of C in this course is required for all education majors.

**Typically Offered:**

- Online: Fall

**SPED 375 Individual Educational Assessment and IEP Development 3.00**

This course will focus on assessment in three categories - through a Response to Intervention process for a student struggling in a classroom, through standardized testing components used in today's schools, and through a customized package of assessments to determine a disability. Students will practice with each instrument and complete an Evaluation and IEP of a simulated student. The focus will be on writing a report in a fashion that many audiences will understand, especially parents. A minimum grade of C in this course is required for all education majors.

**Prerequisites:**

Completion of SPED 283 is prerequisite for this course.

**Typically Offered:**

- Online: Spring

**SPED 389 Special Education Elective 1.00-12.00**

Transfer credits ONLY from another accredited institution not equivalent to a UW-Superior course.

**SPED 488 Methods in Special Education 3.00**

Special Education requires specific methods and protocols in order to meet federal and state requirements. This course is designed to assist students in gaining real-world perspective about processes for development of post-secondary transition plans, selection of assistive technology, collaboration skills for working with school professionals and community agencies, and to develop an understanding about the contributions of special education related services. A minimum grade of C in this course is required for all education majors.

**Typically Offered:**

- Online: Fall

**SPED 489 Special Education Elective 1.00-12.00**

Transfer credits ONLY from another accredited institution not equivalent to a UW-Superior course.

**SPED 493 Inclusive Management Strategies 3.00**

This course involves the study of behavior theories, inclusive strategies and programs, functional analysis of behavior, positive behavior interventions, strategies, and supports, RTI, and behavior intervention plans. Students learn how to apply concepts from behavior modification to inclusive settings. Students engage in a behavior-change project and learn how to use data to plan behavior intervention in inclusive settings. The course emphasizes the application of theory to the academic, social, emotional and behavioral development of school-age children, including those with exceptional educational needs. Attention also given to communication with parents, teachers, community members and other appropriate team members regarding behavior issues and plans. A minimum grade of C in this course is required for all education majors.

**Typically Offered:**

- Online: Spring

**SPED 496 Practicum in Special Education 3.00**

This course involves 40 hours of supervised pre-student teaching, clinical teaching experience in a setting working with students who have exceptional needs. This course includes required pre-student teaching clinical experiences in grades, k-2, 3-5, 6-8 and 9-12. There is an-emphasis on implementation of best practices.

**Prerequisites:**

Completion of SPED 283 and SPED 375 with minimum grade of C. Teacher Education Non-Academic Test (Criminal Background Check).

**Typically Offered:**

- Online: Spring

**Social Studies Education****SSSED 189 Social Studies Education Elective 12.00**

Transfer credits ONLY from another accredited institution not equivalent to a UW-Superior course.

**SSSED 289 Social Studies Education Elective 12.00**

**T ED 470 Student Teaching Residency 3.00-12.00**

Provides student teaching (or internship, where appropriate) experience in the developmental/subject areas needed for teacher licensure in Wisconsin. This is a full-day teaching experience that follows the calendar of the cooperating school(s) in which the student is placed. A full semester, 12 credits, is required for those seeking initial licensure. Students seeking certification at more than two levels may be required to complete additional student teaching placements while licensed candidates seeking additional certifications may be required to take fewer than 12 credits. Successful completion of courses as well as approval of student teaching application and associated documentation is required prior to registration.

**Prerequisites:**

Admission to the Teacher Education Program. Teacher Education Non-Academic Test (Criminal Background Check) and Department Consent are required

**Typically Offered:**

- On-campus: Fall & Spring
- Online: Fall & Spring

**T ED 485 Education Capstone 3.00**

The capstone course is a culminating experience where students show the application of their studies in a real-world situation. Students explore a topic linked to educational studies and its connection between educational theory and practice in the real world. The capstone project reveals how the students envision the role and function of education, either in schools or in society through a written project and a public presentation of their work.
