# INSTRUCTION MINOR

UW-Superior education programs are approved by the Wisconsin Department of Public Instruction (http://dpi.wi.gov/) to fulfill specific licensure requirements for the state of Wisconsin at the time of degree completion.  Some requirements may unavoidably change as state requirements change; students should stay in close communication with their advisors throughout your program.  If students seek licensure in a state other than Wisconsin, they should review the UW-Superior Institutional Certification Office (https://www.uwsuper.edu/frequently-asked-questions/institutional-certification-office-faqs/) web page for further information and assistance.

This minor is intended to be paired with an eligible DPI-approved licensure area offered at UW-Superior.  K-9 Elementary Education majors must complete this minor to be eligible for the Wisconsin K-9 teaching license. Student teaching and all other licensure requirements must also be successfully completed. This minor is not available to non-education majors.  A grade of C is required for all courses in this minor (except for B requirements in T ED 200 Introduction to Education and the pass requirement in T ED 100 Orientation to Teacher Education.)

## Additional Minors Available for Elementary Education

The programming also offers two additional license opportunities for students completing the K-9 Elementary Education Major and the Instruction Minor.  These additional courses must be completed for a student to be eligible for a Wisconsin K-12 Special Education license and/or a Wisconsin Birth-Grade 3 license.  A grade of C is required for all courses.
