

PHYSICAL EDUCATION MAJOR - PHYSICAL EDUCATION K-12 TEACHER CERTIFICATION

Requirements

UW-Superior education programs are approved by the Wisconsin Department of Public Instruction to fulfill licensure requirements for the state of Wisconsin. If you seek licensure in a state other than Wisconsin, please see the UW-Superior Institutional Certification (<https://www.uwsuper.edu/frequently-asked-questions/institutional-certification-office-faqs/>) web page for further information and assistance.

The Physical Education Major, K-12 Licensure program, follows the teacher certification policies and guidelines established by the UW-Superior Teacher Education Program. HHP 110 Introduction to HHP Majors/Minors, helps students interested in the program to understand its requirements. Upper-level courses are then required in both departments.

Students seeking K-12 teacher certification are required to take selected courses in Physical Education and Teacher Education in a prescribed sequence. It is critical the sequence be followed. Taking courses out of sequence or missing required courses can result in significant delay in completing degree requirements. See your advisor for information on the program requirements and a suggested four-year plan.

*Certification in Lifeguarding and WSI is highly recommended (HHP 312 Aquatic Safety/Lifeguard Training/HHP 413 Water Safety Instructor (WSI))
