Elective Credits

The three remaining credits for the Psychology major may consist of any Psychology content course, including any of the courses from the above listed five content areas AND/OR transfer credits coming in under the Psychology subject area (i.e. PSYC 189, PSYC 289, PSYC 389, PSYC 489).

Total Hours 33.00

Special Topics and Independent Study

These are not required elements of the Psychology major, but may be used in some circumstances to help satisfy major requirements in the following ways:

- Elective credits - Any PSYC 390 or PSYC 490 course that is not already being applied to a specific requirement can count for elective credits toward the major.
- Meeting content area requirements: To satisfy a content area requirement, a Special Topics course (390 section) or Independent Study course (490 section) must be associated with a relevant content area or direct course substitution at the time of its creation by the Psychology program faculty instructing the course.

Code	Title	Hours
PSYC 390	Special Topics in Psychology	3.00
PSYC 490	Independent Study	1.00-9.00
Total Hours		4.00-12.00
