

ECOLOGY OR AQUATIC BIOLOGY FOCUS

Faculty expertise and the Lake Superior region contribute to the development of both classroom and non-classroom learning experiences in the area of ecology, aquatic biology and fishery science. Students interested in careers in aquatic ecology, marine biology, terrestrial ecology, field biology, resource management, or natural resource education will be advised to take courses within the Biology Major (<http://catalog.uwsuper.edu/undergraduate/academic-departments/natural-sciences/biology/biology-major/>) which prepare them for work or graduate studies in these fields. Additional courses in mathematics, statistics, computer science, geographic information systems, and physics are recommended.
