## **ENVIRONMENTAL SCIENCE**

# **Environmental Science Major** (Comprehensive)

Environmental Science at the UW-Superior is an interdisciplinary comprehensive science degree that emphasizes the human relationship to the environment. It requires 63 credits as part of a 120-credit degree. The goal of the program is to provide students with the knowledge and skills necessary to enter the workforce or to continue on to graduate school. Community engagement is a focus of this major, where students will participate in collaborations with research centers on campus as well as partnerships with local businesses, environmental groups, and government agencies.

· Environmental Science Major (Comprehensive)

## **Student Learning Outcomes**

The Environmental Studies major coursework and senior year experience are designed to provide students with three broad learning outcomes:

- Disciplinary Knowledge students will acquire fundamental knowledge of environmental science concepts.
- Communication Skills students will be able to communicate
  effectively (orally and in writing) about issues and principles related
  to the environmental sciences.
- Analytical Skills students will develop and practice problem solving and critical thinking skills related to environmental sciences.
- 4. Field and Technical Skills students will develop and practice field and technical skills related to environmental sciences.

## **Faculty**

- Dr. Deborah Augsburger, Professor of Anthropology
- Dr. Andy Breckenridge, Professor of Geology
- Dr. Maria Stalzer Wyant Cuzzo, Professor of Legal Studies, Provost
- Ms. Amy Elliot, Assistant Director of the Lake Superior Research Institute
- Mr. Maxwell Gatyas, Senior Lecturer of Philosophy
- Dr. Mark Grover, Assistant Teaching Professor of Biology
- Dr. Jim Lane, Professor of Chemistry
- Dr. Sakib Mahmud, Associate Professor of Sustainable Management and Economics
- Dr. Lorena Rios Mendoza, Professor of Chemistry
- Dr. Jeffrey Schuldt, Professor of Biology
- Dr. Matthew TenEyck, Director of the Lake Superior Research Institute
- Dr. Timothy Torgerson, Senior Lecturer of Legal Studies
- Dr. Michael Waxman, Professor of Chemistry
