Curriculum Changes

The new knowledge continually emerging in the field of education, changing concepts in the presentation of this knowledge and consideration of certification requirements may necessitate certain changes in the curriculum of a given department. However, when such changes are anticipated or made after careful review and evaluation, full consideration will have been given to the impact these changes might have on the student's overall academic program during her or his period of matriculation. Consideration will also be given to the impact of any changes on the faculty and the institution as a whole.
